

# U.S. Forces Bolstered In Troubled Mideast

WASHINGTON (AP) — With American forces in the Mediterranean increasing, President Nixon has ordered plans to add to the military build-up in the region. Nixon directed Defense Secretary Elliot Richardson to move additional forces and equipment to the region.

The secretary of defense said "our forces" already at a point where they can "face any emergency in Jordan" to necessary to insure the safety of American and other non-combatant personnel in the country.

There was reported, however, plans if necessary to intervene in other regions if neighbor Iraq or Syria enter the civil war between King Hussein's forces and the Palestinian guerrillas, or if the country becomes in danger of being taken over guerrilla control.

President George W. Bush

The President was keeping watch from his office at Camp David, Md. Authorizing him were Gen. Curtis E. LeMay, Chairman of the Joint Chiefs of Staff, and Gen. William C. Lee, Director of Defense Operations. Both were undersecretary of defense at the time of the 1967 war.

Both were reported to have understood that while their representations differed, they would not agree with their conclusions.

C-130 transports, capable of flying out refugees or taking in paratroopers, were already in position in the area.

Hope Reassured

Officials privately expressed hope Hussein could surmount

the crisis unaided. Through diplomatic channels to Cairo and Moscow and in talks here with Israeli Prime Minister Golda Meir, administration leaders strove to save the U.S. drive for peace between Israel and the Arab

states from the explosive pressures of the Jordanian conflict.

An element of U.S. concern in this respect is the fact that if Palestinian forces win control in Jordan their all-out military reward Israel would force Israeli intervention which, in turn, might trigger intervention by Iraq and Syria and widen the Middle East struggle.

Four Guerrilla Units

Even in the absence of such consequence, there are no chance for a peace, continued involving Jordan if the guerrillas rule that country.

Mrs. Meir and Friday's Egyptian-borne negotiations are impossible unless Egypt will back anti-aircraft missile bases set up along the Suez Canal in return

violation of the 1970 peace still agreed off a peace conference in Amman.

Inquiries as to whether Amman has given Hussein the commitment of U.S. support if Israel drew anti-aircraft missiles from official sources. White House press secretary Gerald L. Feltz told a news conference there is "no answer" and "I'm prepared to cover that you."

## General Issues Cease-Fire Order To Jordan Troops

BEIRUT, Lebanon (AP) — President Marcelo H. de Alvear of Jordan ordered all his forces to cease fire against Palestinian guerrillas Saturday. His order was for a shooting halt at 8 p.m. local

time.

BEIRUT, Lebanon (AP) — Radio Cairo said King Hussein agreed today to an Egyptian proposal for a 24-hour cease-fire in Jordan but a pro-American interim government from the Jordanian military and police has the order the order had called.

Guerrilla spokesman in Beirut said before the ultimatum that there was virtually no chance of acceptance of the Egyptian proposal by the guerrilla leadership.

Fighting in Jordan was reported raging for the third straight day.

Egypt's Middle East News Agency said the ceasefire proposal was sent to Hussein by President Gamal Abdul Nasser.

It quoted Nasser as telling Hussein through an emissary that a ceasefire for at least 24 hours could "prevent the international plot which is evident in continuous movements of the Americans on Fleet in the Mediterranean Sea."

Guerrilla Clinch

It also quoted the president as saying: "An immediate ceasefire is necessary because our information about execution is tragic."

A Cairo newspaper had reported earlier that the number of persons killed or wounded in Jordan had exceed past 5,000.

Radio Amman broadcast the statement "concerning to President Marcelo H. de Alvear, Jordan's military premier, who gave the guerrillas three hours to surrender or be subjected to their weapons as punishment."

Hussein's government made no mention of the Egyptian initiative.

He claimed that the ultimatum was imposed under the martial law declared by Hussein at the start of the fighting on Thursday.

Tele. Bay of Philadelphia

The 100th Coast and Harbor Defense Unit in the Third Air Force, Comptroller was given several rounds.

Heavy shelling was reported attacking the guerrillas — called between 77 in the north.

Hussein's spokesman said "This is the last warning to the guerrillas."

## Hanoi Letter Brings Cheers From Guerrillas

HANOI, North Vietnam (AP) — Mario Savio, president of the Free Speech Movement here, returned to a new dimension of campus protest, now he is entering the University of California.

Savio, now 27 and still belligerent, was asked by a newsman Friday whether he would re-enter the Berkeley campus political arena. He replied: "I am going back as a student."

A university spokesman confirmed Savio has been residing as a junior at Berkeley, as a student, for about three years.

"In applying for readmission, Mr. Savio provided clear evidence of serious interest in pursuing academic studies at the university," the spokesman said.

Savio gained international notoriety in December 1968 as the young man speaking from the roof of a police car condemning an arrested student, which had been surrounded by protesters.

He subsequently left a junior at Sproul Hall, where 770 people were made of students and staff.

Many observers consider the Free Speech Movement to be the start of student protest techniques that have spread across the country.

Later Savio dropped out of the university and was denied readmission in 1969 after his arrest during demonstrations against Navy recruiters on campus.

In 1968 Savio ran unsuccessfully for the state Senate on a Peace and Freedom party slate.

Since then he has been a familiar but relatively obscure figure in the Berkeley community, working until recently as a television cameraman.

He has been a member of his class and said he has been involved in many of the

## Jordan Army Rated Better Than Rivals

WASHINGTON (AP) — U.S. military officials predict it is only a matter of time before the Palestinian guerrillas, untrained and unprepared, are defeated by Jordan's royal army of fiercely loyal Bedouin tribesmen.

Equipped with British and American arms, King Hussein's trained force of about 30,000 men is regarded by Pentagon officials as the best in the Arab world and second in the Middle East only to Israel.

On the other side is a divided guerrilla force believed to have no more than 10,000 men under arms.

The unknown factor, officials here say, are the Iraqi and Jordan tribesmen stationed in Jordan, and the Syrians posted above Jordan's northern border. "Should they intervene, the balance could tip against Hussein," said one official. "But no one expects that to happen."

Although the Jordan government, like the Palestinians, is divided, the official said, the tribesmen should be prepared to mount a fierce defense against the guerrillas.

Officials in Jordan said their forces are well prepared to defend their country. The army, which has been trained and equipped by the U.S. Air Force, has added a new dimension to its war against the guerrillas.

For more than two years, Hussein has had to face the Palestinian guerrillas, who have not yet been defeated by the Jordanian authorities. The king has made his position clear: "We will not be afraid to fight the guerrillas to the death."

A PANEL OF three dead guerrillas in Amman, Jordan, Friday reported a possible guerrilla's proposal that Israel release kidnapped American Steven Sotloff, shown, he indicated on charge of being guilty before heading to the death of his wife, Sotloff, on May 4. (AP Wirephoto)

## Swedish Election Predicted Close

STOCKHOLM (AP) — Campaigning in Sweden's national election ended Friday night with a close contest predicted between Prime Minister Olof Palme's Social Democrats and their non-socialist opposition.

If a right-of-center coalition can upset the Social Democrats in Sunday's general election, the center architect, albeit unwilling, will be the Swedish Communist party.

## Nixon Sidetracks Rail Strike Plans

WASHINGTON (AP) — Acting "with great reluctance," the Nixon administration has blocked for 60 days a threatened nationwide rail strike.

President Nixon signed executive orders Friday barring a walkout by four unions against 160 rail lines and creating a five-member board to investigate the dispute.

Unless Congress enacts emergency legislation, the unions will be free to strike if no contract settlement is reached in the next 60 days.

### 400,000 Members

The orders, signed under provisions of the Railway Labor Act, affect some 400,000 union members—about 70 per cent of the nation's railway work force.

Asst. Secretary of Labor William J. Ussery, a top labor troubleshooter, said at the White House he had hoped for a settlement negating the need for the executive orders.

It was "with great reluctance," he said, that the Labor Department recommended the President sign the orders. But he indicated only a few points of major disagreement remain to be resolved after weeks of government-sponsored talks.

Those issues should be dealt with by the board, he said.

He said a five-member panel instead of the usual three-member board was formed "so that an equitable settlement may be reached at the earliest possible time." Its members are to be named later.

Under the 44-year-old rail labor law, the board will study the dispute and submit its recommendations within 30 days. Over the following 30 days, the unions and rail lines are to consider the recommendations during negotiations.

A strike had been called for Sept. 10, but government mediators won agreement from the union to delay for five days.

### U-M Seeks Budget Of \$95.6 Million

ANN ARBOR (AP) — The University of Michigan Board of Regents will ask the Michigan Legislature for \$95.6 million in state appropriations for the 1971-72 fiscal year, it was announced Friday.

The request is \$22 million more than the \$73.5 million appropriated by the Legislature for the university in 1970-71.

ROBERT AFFELDT, above, has announced his resignation as director of conciliation at the Department of Housing and Urban Development. Affeldt criticized the Nixon administration and its enforcement of civil rights at a meeting of newsmen Friday. (AP Wirephoto)

## Golda Chills Peace Talk Hopes

WASHINGTON (AP) — Israel's Prime Minister Golda Meir has inflicted a heavy blow on American hopes that the Middle East peace talks could be resumed in the near future.

Mrs. Meir told President Nixon there can be no peace talks until Egypt removes the missiles Israel claims were implanted along the Suez Canal in

violation of a military standstill agreement.

### Persuasion Falls

Nixon and Secretary of State William P. Rogers tried Friday but failed to persuade the 72-year-old Israeli leader that talks under United Nations mediator Gunnar Jarring provide the only avenue to peace.

In principle, Mrs. Meir

agreed. But, she asked, why should Israel negotiate a peace treaty with a country which violated a lesser cease-fire agreement virtually the same day it agreed to observe it?

President Nixon and Rogers are reported to have understood Mrs. Meir's argument although they would not agree with her conclusion.

American officials concede the standstill cease-fire violations could not have occurred without the knowledge and complicity of the Soviet Union. They say there is no quarrel with the harsh words the Israeli leader used at her Friday press conference when she accused Moscow and Cairo of bad faith and said "they both are culprits."

The Nixon administration concluded itself with the conclusion that because of the Jordan situation the question of resuming political talks is hypothetical anyway.

### Probing To Continue

The United States, however, would not take Mrs. Meir's "no" for an answer. Diplomatic prodding will continue on several fronts, officials said.

Moscow and Cairo will be urged anew to "rectify the violations," which has been interpreted as removal of their missiles deployed in the Suez Canal Zone contrary to provisions of the standstill-cease-fire agreement, and new efforts will be made to persuade Mrs. Meir to end her boycott of the talks.

### Talks Called Useful

American and Israeli diplomatic observers agreed that despite the failure to smooth over differences, Mrs. Meir's day-long talks with the President and Rogers were useful because they restored confidence between the two countries.

## Jordan Army Rated Better Than Rivals

WASHINGTON (AP) — U.S. military officials predict it is only a matter of time before the Palestinian guerrillas, outmanned and outgunned, are defeated by Jordan's royal army of fiercely loyal Bedouin tribesmen.

Equipped with British and American arms, King Hussein's armed force of about 50,000 men is regarded by Pentagon officials as the best in the Arab world and second in the Mideast only to Israelis.

On the other side is a divided guerrilla force believed to have no more than 12,000 men under arms.

The unknown factors, officials here say, are the Iraqis with 10,000 troops stationed in Jordan, and the Syrians poised above Jordan's northern border.

"Should they intervene, the balance could tip against Hussein," said one official. "But no one expects that to happen."

Although the leftist governments of Iraq and Syria side with the guerrillas, they have offered little more than moral support for the Palestinians whose vow to destroy Israel and reclaim what was once their homeland has been temporarily laid aside while they battle fellow Arabs inside Jordan.

For more than two years, Hussein hesitated using force against the Palestinian commandos despite their increased criticism and attacks against the king because of his pro-Western attitude and moderate course in dealing with Middle East problems.

## Big Thrust Set By Cambodians

PHNOM PENH, Cambodia (AP) — The Cambodian military command plans a big assault to smash through a Communist stronghold that has stalled the government's largest offensive of the war there for nearly a week.

Limited U.S. air strikes already were being carried out in preliminary attempts to dislodge an estimated 1,000 North Vietnamese troops dug in at the village of Taing Kauk, 47 miles north of Phnom Penh.

Officers at the operation's rear headquarters in Skoun, 45 miles north of Phnom Penh, said today they were not sure when the assault against the North Vietnamese would start, but added they had been told by the high command that the attack would be preceded by massive U.S. air strikes against the village.

Officials in Saigon said that once the Cambodians decide to launch their assault, additional air support will be available from South Vietnamese and Cambodian air forces. The officials said they were not aware of any massive commitment by the U.S. Air Force, but added a great deal depends on "exigencies."

## U.S. Forces Bolstered In Troubled Mideast

WASHINGTON (AP) — With American forces in the Mediterranean bolstered, President Nixon kept continuous watch today on the crisis in embattled Jordan, with American lives and the survival of the Hussein government his primary concern.

### Precautionary Step

The positioning of military forces was described officially as a precautionary step in case Nixon decides intervention in Jordan is necessary to rescue the more than 400 Americans in the country.

Nixon was reported, however, prepared if necessary to intervene for other reasons: if neighboring Iraq or Syria enters the civil war between King Hussein's forces and the Palestinian guerrillas, or if the country becomes in danger of falling under guerrilla control.

### President Keeps Watch

The President was keeping watch from his retreat at Camp David, Md. Accompanying him were staff aides Dr. Henry A. Kissinger and H.R. Haldeman. Word that American forces in the Mediterranean were being reinforced came Friday from the Pentagon. The Defense Department ordered additional ships and planes into the eastern Mediterranean. Air Force

C-130 transports, capable of flying out refugees or taking in paratroopers, were already in position in the area.

**Hope Expressed**  
Officials privately expressed hope Hussein could surmount

the crisis unaided. Through diplomatic channels to Cairo and Moscow and in talks here with Israeli Premier Golda Meir, administration leaders strove to save the U.S. drive for peace between Israel and the Arab states from the explosive pressures of the Jordanian conflict.

An element of U.S. concern in this respect is the fear that if Palestinian forces win control in Jordan their all-out hostility toward Israel would force Israeli intervention which, in turn, might trigger intervention by Iraq and Syria and widen the Middle East struggle.

### Fear Guerrilla Rule

Even in the absence of such consequences officials see no chance for a peace settlement involving Jordan if the guerrillas rule that country.

Mrs. Meir said Friday Egyptian-Israeli negotiations are impossible unless Egypt rolls back antiaircraft missile bases set up along the Suez Canal in alleged violation of the military standstill agreement the two countries accepted in August.

Inquiries as to whether Nixon has given Hussein some commitment of U.S. support if needed drew uninformative answers from official sources. White House press secretary Ronald L. Ziegler told a news conference there is "no commitment I'm prepared to cover with you."

## General Issues Cease-Fire Order To Jordan Troops

BEIRUT, Lebanon (AP) — Field Marshal Habib Majall of Jordan ordered all his forces to cease fire against Palestinian guerrillas Saturday. His order was for a shooting halt at 6 p.m. on Saturday.

BEIRUT, Lebanon (AP) — Radio Cairo said King Hussein agreed today to an Egyptian proposal for a 24-hour cease-fire in Jordan but a surrender ultimatum from the Jordanian military government to Palestinian guerrillas seemed to indicate the effort had collapsed.

### Guerrilla Spokesmen in Beirut

said before the ultimatum that there was virtually no chance of acceptance of the Egyptian proposal by the guerrilla leadership.

### President Keeps Watch

The President was keeping watch from his retreat at Camp David, Md. Accompanying him were staff aides Dr. Henry A. Kissinger and H.R. Haldeman. Word that American forces in the Mediterranean were being reinforced came Friday from the Pentagon. The Defense Department ordered additional ships and planes into the eastern Mediterranean. Air Force

Guerrilla spokesmen in Beirut said before the ultimatum that there was virtually no chance of acceptance of the Egyptian proposal by the guerrilla leadership.

Fighting in Jordan was reported raging for the third straight day.

Egypt's Middle East News Agency said the cease-fire proposal was sent to Hussein by President Gamal Abdel Nasser.

It quoted Nasser as telling Hussein through an emissary that a cease-fire for at least 24 hours could "prevent the international plot which is evident in suspicious movements of the American 6th Fleet in the Mediterranean Sea."

### Casualties Climb

It also quoted the president as saying: "An immediate cease-fire is necessary because our information about casualties is frightening."

A Cairo newspaper had reported earlier that the number of persons killed or wounded in Jordan had soared past 5,000.

Radio Amman broadcast the surrender ultimatum by Field Marshal Habib Majall, Jordan's military governor, who gave the guerrillas three hours to surrender or be executed by firing squads as mutineers.

Majall's announcement made no mention of the Egyptian initiative.

He stressed that the ultimatum was imposed under the martial law decreed by Hussein at the start of the fighting on Thursday.

### Third Day Of Fighting

The Egyptian effort and Majall's ultimatum came in the third day of fighting. Casualties were reported soaring past 5,000. Royal army forces were reported attacking the guerrillas — called fedayeen — in the north.

Majall's proclamation said: "This is the last warning to the fedayeen."

### Gun Requested

Baker said a stewardess slipped one of his men a note requesting a gun. He said a policeman's .38-caliber service revolver was passed up to the stewardess through an emergency exit door.

"It was my understanding she was requesting it for the crew, not the hijacker," Baker said.

"Ordinarily I wouldn't do this but she looked like a pretty competent girl," he said.

A young female passenger who declined to give her name said the man sat about two seats behind her and that she saw him take a small pistol from a canvas bag he had under the seat.

An Allegheny spokesman said it appeared to be a .22-caliber pistol.

### Plane Just Before It Landed At Philadelphia

Passengers said the hijacker then told another stewardess to bring him a small canvas bag stowed under his seat.

A passenger who helped the stewardess get the bag said it held a butane gas container with white plastic bottle taped to it.

### Threat Issued

The hijacker set the bag in front of him and announced: "I've got something here to blow up the whole plane."

A young female passenger who declined to give her name said the man sat about two seats behind her and that she saw him take a small pistol from a canvas bag he had under the seat.

Washington, however, allowed 90 passengers to leave, but kept aboard three flight crewmen, three stewardesses and two men believed to be FAA inspectors or airlines personnel, the FAA said.

In Washington, however, the plane sat on a runway for an hour while it was being refueled.

The pilot (John Harkin) said over the radio he talked the hijacker out of Cairo and persuaded him to go to Havana instead.

"I'm not sure if he's alive," Steve, 9, chimed in excitedly.

Lt. Cmdr. John D. Burns, 35, had been shot down over Vietnam more than five years ago. Until the letter arrived Thursday, the family had heard nothing about his fate.

The letter was enclosed in an envelope bearing the return address of the Committee for Liaison, an antiwar group based in New York that has been in touch with the North Vietnamese government.

The letter, just six lines long, was written on an official North Vietnamese form.

It said the prisoner was in good health and that his main concern was for the family in San Diego.

He subsequently led a sit-in at Sproul Hall, where 770 arrests were made of students and non-students. Many observers consider the Free Speech Movement to be the start of student protest techniques that have spread across the country.

Later Savio dropped out of the university and was denied readmittance in 1966 after his arrest during demonstrations against Navy recruiters on campus.

In 1968 Savio ran unsuccessfully for the state Senate on the Peace and Freedom party ticket.

Since then he has been a minor but relatively inactive figure in the Berkeley community, working until recently in a Telegraph Avenue book store.

He has avoided publicity recently, and when asked about his plans he said only, "When I have something to say, you will know about it."

NAMED BY NIXON — Carol M. Khosrovi (above), 33, has been named by President Nixon to head the VISTA Volunteer Program—the domestic version of the Peace Corps. The post pays up to \$38,000 a year.

## Fiery Campus Protester Now Back As Student

A PANEL OF lower court judges in Athens, Greece, Friday rejected a public prosecutor's proposal that Greek shipping magnate Stavros Niarchos, above, be indicted on charges of bodily injury leading to the death of his wife, Eugenie, on May 4. (AP Wirephoto)

# Friends, Associates Honor Manistique's Frank Hoholik

By BARBARA JOHNSON

**MANISTIQUE** — Frank S. Hoholik, president and chief executive officer of Manistique Paper Co., was identified as "one of the most distinguished, able and industrious executives and one of the most loyal friends I have ever had" by Russell Stewart, Chicago, senior vice president of Field Enterprises, Inc., in a prelude to tributes from Hoholik's associates at a testimonial dinner Friday night.

Hoholik, who will step down to semi-retirement Oct. 1, responded to the many accolades by saying he was "overwhelmed and while I view my retirement with regret, I feel com-

**To His Associates**  
He acknowledged the need for "younger blood which will bring fresh thoughts and make for progress" but said he would miss his paper mill associates who have given "energy, cooperation and loyalty, plus their skills to our operation."

He praised his continued interest and involvement in the many projects and programs ranging from the wood products industry to education which have won him wide recognition for his dedicated efforts.

"My thanks to everyone for their presence tonight comes

from an overflowing heart," he told the 275 persons gathered at the Firestone to pay him honor.

A "Taco Hoholik"

Salley K. Howard, president and chief executive officer of Field Enterprises, Inc., Chicago, said "Frank is that rare being: a community and statesman, dedicated to his community, state and nation with a willingness to work for betterment."

Marshall Field V, 20-year-old publisher of the Field-owned Chicago Sun Times and Chicago Daily News, said he recognized Hoholik as "personifying every man my father and grandfather ever dreamed of" in thanking him for his years of service and many accomplishments.

"A man above the rest of us," was Robert Stroth's tribute to his boss on behalf of the mill employees. Stroth, president

of the papermakers union, said the mill workers recognized Hoholik's enormous contributions and the extra efforts he gave to operating the plant.

To Build Tower

Dr. Kenneth Shouldice, president of Lake Superior State College, Sault Ste. Marie, announced a bell tower will be built on the Sault Ste. Marie campus commemorating Hoholik's chairmanship of the college's board of control "as a fitting tribute to a man who has made the Upper Peninsula a better place to live."

Shouldice said the bell to be used is an 1886 replica of one first used on a Coast Guard vessel which operated in Lake Superior.

Russell Moyer, Hoholik's president of Upper Peninsula Power Co., presented a copper tray on behalf of the corporate officers of his utility and lauded Hoholik's leadership in the wood products industry, education, the free enterprise system and promotion of the Upper Peninsula.

Shouldice Offered

Manistique Area Supt. of Schools Edwin E. Wuehle noted Hoholik's contributions to education and his sponsorship of educational programs arising from awareness and concern.

Stewart, who was master of the many out-of-town guests including Field Enterprises executives James Peter, executive vice president; Alexander Hahmeyer, general counsel and executive vice president, and Collin Reever, administrative vice president, all of Chicago.

The State Savings Bank honored its former director with a \$500 scholarship to Lake Superior State College in Hoholik's name.

Mag. F. M. Scheringer offered the invocation. The benediction was given by Rev. James Levin.

## Decisive DST Rejection Seen

**DETROIT (AP)** — Michigan voters will decisively turn down Daylight Saving Time if the issue is included on the November ballot, according to a poll by a Detroit newspaper.

Voters will turn down the proposal by a substantially larger margin than in 1968, when Daylight Saving Time lost by fewer than 500 votes out of nearly 3 million cast, The Detroit News poll said.

According to the News poll, 28 per cent of the voters questioned favored staying on Standard Time, 30 per cent chose a Daylight Saving Time and 6 per cent were undecided.

The poll indicated most of those in favor of Daylight Saving Time were younger city dwellers who use a longer period of daylight in the summer evenings. Voters over 50 generally opposed it. Wayne County voters were evenly split but 8 per cent of Detroit voters wanted to stay with standard time, the poll said.

The poll said those under 30, professionals, businessmen and voters with college education and incomes over \$20,000 want to go back to DST.

Only three states, Michigan, Arizona and Hawaii, have refused to turn their clocks back an hour for six months of the year, between the last Sunday in April and the last Sunday in October.

Michigan voters will turn down the proposal by a substantially larger margin than in 1968, when Daylight Saving Time lost by fewer than 500 votes out of nearly 3 million cast, The Detroit News poll said.

According to the News poll, 28 per cent of the voters questioned favored staying on Standard Time, 30 per cent chose a Daylight Saving Time and 6 per cent were undecided.

The poll indicated most of those in favor of Daylight Saving Time were younger city dwellers who use a longer period of daylight in the summer evenings. Voters over 50 generally opposed it. Wayne County voters were evenly split but 8 per cent of Detroit voters wanted to stay with standard time, the poll said.

The poll said those under 30, professionals, businessmen and voters with college education and incomes over \$20,000 want to go back to DST.

Only three states, Michigan, Arizona and Hawaii, have refused to turn their clocks back an hour for six months of the year, between the last Sunday in April and the last Sunday in October.

# Friends, Associates Honor Manistique's Frank Hoholik

By BARBARA JOHNSON

MANISTIQUE — Frank S. Hoholik, president and chief executive officer of Manistique Pulp & Paper Co., was identified as "one of the most distinguished, able and industrial executives and one of the most loyal friends I have ever had" by Russell Stewart, Chicago, senior vice president of Field Enterprises, Inc., in a prelude to tributes from Hoholik's associates at a testimonial dinner Friday night.

Hoholik, who will step down to semi-retirement Oct. 1, responded to the many accolades by saying he was "overwhelmed and while I view my retirement with regrets, I feel comfortable."

**To Miss Associates**  
He acknowledged the need for "younger blood which will bring fresh thoughts and make for progress" but said he would miss his paper mill associates who have given "energy, cooperation and loyalty, plus their skills to our operation."

He promised his continued interest and involvement in the many projects and programs (ranging from the wood products industry to education) which have won him wide recognition for his dedicated efforts.

"My thanks to everyone for their presence tonight comes

## Public Invited To Forum Here

The general public, not just the aged, are invited to attend Forum on Aging in Escanaba Sunday.

"Problems on aging affect everyone from the cradle to the grave," stated Mrs. Frank Neumeier, chairman. Persons wishing to contribute ideas on the subject of aging are encouraged to present them, she said.

The Escanaba Forum is scheduled at 4 p.m. at the Civic Center (See Story, Page 12)

## Anne I. Lund, Gladstone, Dies

Mrs. Anne Irene Lund, Fairview Manor, Gladstone, died at 12:45 a.m. today at St. Francis Hospital.

She was born March 13, 1888, in Overland, Finland, and came to the United States 63 years ago, settling in Gladstone.

Her husband, John, died April 26, 1959.

She was a member of First Lutheran Church of Gladstone and the LCW.

Survivors include five daughters, Mrs. Lawrence (Mildred) Lavelle of Gladstone, Mrs. Roy (Anne) Pada, Mrs. Victoria Russell, Mrs. Raymond (Alice) Birth, and Mrs. Leonard (Dorothy) Ziegler, all of Kenosha, Wis.; six sons, Harold and Edwin of Gladstone, Oliver of Rapid River, Otto of Silver Springs, Md., and Leonard of Kenosha, Wis.; 19 grandchildren and 19 great grandchildren.

The body was removed to the Anderson-Johns Funeral Home in Gladstone.

### WEAR BATHING CAPS

LIMERICK, Ireland (UPI)—Long-haired visitors to this city's municipal swimming pool have been ordered to wear bathing caps. "The pool had to be closed," said a city official, "because the filtering system is clogged up with great masses of human hair." But just how long is long? This wasn't answered in the order.

## School Picture Still Clouded

RAPID RIVER — The Rapid River school situation remained clouded this morning with reports unavailable to the news media on the results of a closed labor mediation session Friday night at the Bay de Noc Elementary School between the Board of Education and the Rapid River Education Association.

Indications were, however, that some progress may have been made at the meeting called and conducted by Walter Quillie of Iron Mountain, state mediator.

Gary Nieurwenkamp, spokesman for the Board of Education, said the new contract would be completed Friday. "I am not sure when we will have the Michigan State Association of Associated Teachers break the news," he said.

He repeated tentative

## Bill Stopping Illegal Money Flow Favored

WASHINGTON (AP) — A bill aimed at stopping the flow of profits from gambling and illegal transactions to foreign bank accounts has been passed by the Senate.

The measure, passed on a voice vote Friday, now goes to a conference with the House.

Sponsors of the legislation said use of secret foreign accounts is costing the U.S. Treasury hundreds of millions of dollars in taxes.

The measure is designed to stop the use of foreign banks to deposit gambling profits skimmed from Las Vegas, Nev., casinos, funds illegally obtained by racketeers and profits of criminal conspiracies taken abroad by couriers.

It would:

—Require banks and other financial institutions to maintain records of checks and other transactions, including the use of microfilming.

—Require financial institutions and individuals to report to the Treasury Department on exports or imports \$5,000 or more in currency when the reports would be useful in criminal, tax or other proceedings.

—Authorize Treasury to require financial institutions and individuals to keep records of transactions with foreign banks.

—And extend present penalties on violation of the margin requirements on stock loans to the borrower as well as the lender. This provision is designed to prevent borrowers from evading the requirements by obtaining foreign loans.

The Senate deleted a provision giving the Securities and Exchange Commission authority to prohibit U.S. brokers from accepting securities orders from foreign banks unless the bank disclosed the person for whom the order was placed or certified he was not an American.

Newspaper Want Ads are a big sell! One billion, twenty-one million was spent on advertising combined and more classified ads last year . . . more than for all magazine and more than 300 million more than radio advertising.

MEMBERS OF THE BOARD OF DIRECTORS of the new Lake Bluff Country Club accept congratulations from each other Friday after formal "ribbon cutting" ceremonies signaling the "official" opening of the new clubhouse on the bluff between Gladstone and Escanaba. The board met in advance of tonight's Opening Party at the clubhouse. The building has been open for use of members for several months, but the Opening Party was delayed until the facility was completed. Participating in the ceremony near the main entrance to the building Friday were, from left, O. C. Christiansen, James Schultz, Gerald Harris, Matt N. Smith (back turned), Joseph Stankowicz, Richard Drennan, club manager, Paul Snyder, Jack Manning and Nicholas Chapekis. (Daily Press photo.)

### Youths Arrested By State Police

Eight youths were picked up by the State Police Friday night and charged with being minors in possession of beer, while another youth was arrested early this morning for driving under the influence of liquor.

Steven C. Larsen, 19, Old State Road, will report to District Court within the next 10 days on a minor in possession charge and the seven juveniles who were with him will appear in Probate Court. The eight youths were picked up in Escanaba Township at 8:50 p.m., officers said.

Gary Lee Coppock, 18, Rapid River, was arrested at 2:30 a.m. after his erratic driving was noticed by officers. He was lodged in the Delta County Jail and will also appear in District Court.

### 'Tex' Watson Joins Tate Trial Pals

LOS ANGELES (AP) — Smiling vacantly and uttering not a word, Charles "Tex" Watson has appeared in the same courtroom as four old friends—the defendants in the Sharon Tate Murder trial.

He showed only a glimmer of recognition for the three long-haired women at the counsel table Friday, and never looked at Charles M. Manson, leader of a hippie-style family of which Watson was a member.

### FHA Records Record Year

Farmers Home Administration has had a record year in home building and home improvement in the area.

For the fiscal year ending June 31, \$760,330 in credit was channeled into the area through the Escanaba office. This is approximately double the amount loaned in the previous year, officials reported today.

With the strong demand for housing in rural areas, it is expected this amount will increase again this year.

Eligibility covers people of low and moderate income in rural towns of not more than 5,500 people, plus farm and non-farm residents of the countryside. If a loan can not be covered by a local lending institution, Farmers Home Administration advances the loan from a revolving fund.

Loans are made through the office at 2013 1st Ave., N., Escanaba.

### Direct Election Plan Still Alive

WASHINGTON (AP) — "It's still breathing," said Majority Leader Mike Mansfield, after the Senate struck a heavy blow at a constitutional amendment to provide for direct election of the president.

After a 54-36 vote to cut off debate on the proposed amendment—six short of the required two-thirds majority—Mansfield said Thursday tentative plans call for a second attempt next week.

He said no decision will be made before Monday. This will give Sen. Birch Bayh, D-Ind., chief sponsor of the electoral reform measure, and other supporters a chance to round up more votes.

If a second petition to put the Senate's debate-closing cloture rule into effect is filed Monday, it would come to a vote Wednesday.

Failure to muster a two-thirds majority to choke off debate on a second try likely would be fatal to the proposed amendment, although nothing in the Senate's rules prevent repeated attempts.

### Public Service Effort Praised By City Manager

George Harvey, Escanaba city manager, expressing "the appreciation of the entire community," directed attention of the City Council to a public service performed by girls of Bethel No. 9, Job's Daughters.

"Malicious markings on the Karsas Memorial Bandshell were not pleasing to them, nor to us. These girls volunteered to repaint that portion of the bandshell that had been defaced."

"We appreciate the pride they have in their community and its properties; we are most grateful," said Harvey.

### Three Injured In Traffic Mishaps

Three persons suffered minor injuries in traffic accidents in Escanaba Friday, city police report.

Driver Lea J. Nelson, Soo, Ontario, and passenger Rita Klico, Chassaning, Mich., were hurt in a collision with an auto driven by Vivian Kachula, Dearborn, at 2 p.m. in the 2600 block Ludington St. Lea Nelson was ticketed for improper backing and Vivian Kachula for expired operator's license.

Amelia Kidd, 1421 N. Lincoln Rd., was injured in the other mishap that occurred at 10:58 p.m. when a car in which she was a passenger, driven by Louis Vanenkevort, Bark River Rte. 1, struck a parked car owned by Walter Denoo, 807 N. 20th St. Vanenkevort was ticketed for improper lane usage.

Epps, an assistant dean at Harvard the last six years, said one mistake that liberal institutions have made in recent years is attempting to mimic the policies of the black student movement.

"The result has been that blacks who are not political activists have found themselves without anyone to go to," he said.

**Mrs. Roberts, 90, Dies In Marquette**

MARQUETTE—Private funeral services for Mrs. Abby Beecher Roberts, 90, a descendant of the founder of Northern Michigan University, will be held in Mrs. Roberts' home. She died late Wednesday.

A descendant of John Munro Longyear, she had been active for many years in Marquette civic and cultural activities.

She received an honorary doctor of humane letters degree from Northern Michigan in 1967 and was honored by the Michigan Horticultural Society in 1950.

Surviving are three sons and one daughter.

### Isabella

Mrs. Mae McCoy and her sister, Dorothy Ford of Drummond, Wis., are house guests of Mrs. Esther Bonifas.

Mr. and Mrs. Gary Grolau, Karen and Clark have returned to their home in Chicago after visiting their mother, Mrs. Elsie Sundling.

Mrs. Lew Bramer and Mrs. Alfred Erickson entertained several friends Thursday afternoon at Mrs. Erickson's home. Attending were the Mesdames, Signe Soderberg, Esther Bonifas, Adeline Segerstrom, Ruth Sundin, Helga Neville, Alvina O'Conner. A buffet lunch was served.

### Birth

Mr. and Mrs. Mike Turan are the parents of a daughter, born Sept. 16 at Schoolcraft Memorial Hospital. Mrs. Turan is the former Debra Tamay. Mr. and Mrs. Henry Turan are paternal grandparents.

### Ladies Aid

Bethany Lutheran Ladies Aid will meet Thursday at 7:30 p.m. in the church parlors. Beda Sundin will be hostess with Pat Leach, in charge of lunch. Members and friends are invited.

### Dinner Guests

Mr. and Mrs. Harvey Sundin, Mrs. Mabel Landis and Mrs. Genevieve Whybrey were dinner guests at the Mary Ritter home in Trenary on Friday.

Larry Anderson, son of Mr. and Mrs. Floyd Anderson, is attending Bay de Noc Community College.

Sherry Landis, daughter of Mr. and Mrs. Jake Landis, is a second year student at Bay de Noc College.

Mr. and Mrs. Lew Bramer spent the weekend in Milwaukee visiting relatives and friends.

Mr. and Mrs. Raymond Neudeau spent the weekend in Milwaukee at the home of Mr. and Mrs. Leon Clausen.

### Road Engineers Approve Contract; Work To Resume

DETROIT (AP) — Work is expected to resume shortly on approximately \$500 million worth of highway and sewer construction projects across the state, following ratification Friday of a new contract by some 6,000 striking Michigan operating engineers.

The engineers ratified the contract in separate votes in Detroit and Lansing.

They had been off the job since September first when negotiations with the Michigan Road Builders and Associated Underground Contractors broke down.

Negotiators reached tentative agreement on the new contract after a 16-hour bargaining session that ended earlier Friday.

Contract terms call for a \$2.75 wage and fringe benefit raise over three years in increments of 75 cents the first year, a dollar in the second and a dollar in the third year.

### New Harvard Dean Both Young, Black

CAMBRIDGE, Mass. (AP) — Archie Epps is young, black, the new dean of students at Harvard College, and says he's a patient man.

"I know the value of having patience . . . students change their mind," says the 33-year-old native of Lake Charles, La.

"By my own conduct and demeanor," Epps says, he hopes to dissuade the use of violence at Harvard as a method of bringing about social change.

But Epps said Friday in an interview he is not opposed to protest, but he believes it should aim to "prick the conscience of your opponent, then have faith in the good sense of human nature to take over."

Epps, an assistant dean at Harvard the last six years, said one mistake that liberal institutions have made in recent years is attempting to mimic the policies of the black student movement.

"The result has been that blacks who are not political activists have found themselves without anyone to go to," he said.

**More people get more news from newspapers than all other sources combined.**

### School Picture Still Clouded

RAPID RIVER — The Rapid River school situation remained clouded this morning with reports unavailable to the news media on the results of a closed labor mediation session Friday night at the Bay de Noc Elementary School between the Board of Education and the Rapid River Education Association.

Indications were, however, that some progress may have been made at the meeting called and conducted by Walter Quillico of Iron Mountain, state mediator.

Gary Nieuwenkamp, spokesman for the Board of Education and Supt. of Schools Gerald Manville were unavailable for comment late this morning as members of the board of education were reportedly meeting with the school administration.

Ross Rhoads, spokesman for the teachers, declined comment except to say that he was waiting for a telephone call, apparently from the school board.

The meeting Friday night followed receipt of the formal, written report of Dr. William Barstow, Houghton, the state-appointed fact-finder in the contract dispute.

Rhoads said Friday that the teachers had indicated they would accept Barstow's recommendations as the basis for a settlement so that classes could begin Monday.

The school board rejected Barstow's preliminary findings made two-days after a fact-finding session, but has made no public statement about the detailed report.

The district was scheduled to open the 1970-71 school year three weeks ago, but school doors have remained closed to students because of the teacher contract problems.

### Briefly Told

A Delta County Amateur Radio Society has been formed in Escanaba for all amateur radio operators licensed by the Federal Communications Commission. Associate memberships are available to people interested in amateur radio. Any interested person may obtain more information by calling Peter Tremat at the Northern Michigan National Bank.

## Anna I. Lund, Gladstone, Dies

Mrs. Anna Irene Lund, Fairview Manor, Gladstone, died at 12:05 a.m. today at St. Francis Hospital.

She was born March 13, 1888, in Overmark, Finland, and came to the United States 63 years ago, settling in Gladstone.

Her husband, John, died April 28, 1950.

She was a member of First Lutheran Church of Gladstone and the LCW.

Survivors include five daughters, Mrs. Lawrence (Ellen) Lavelle of Gladstone, Mrs. Ray (Anna) Pada, Mrs. Violet Russell, Mrs. Zigmund (Alice) Birdz, and Mrs. Leonard (Dorothy) Ziesner, all of Kenosha, Wis.; six sons, Hugo, Harold and Edwin of Gladstone, Oliver of Rapid River, Otto of Silver Springs, Md., and Leonard of Kenosha, Wis.; 19 grandchildren and 19 great grandchildren.

The body was removed to the Anderson-Johns Funeral Home in Gladstone.

### WEAR BATHING CAPS

LIMERICK, Ireland (AP) — Long-haired visitors to this city's municipal swimming pool have been ordered to wear bathing caps. "The pool had to be closed," said a city engineer, "because the filtering system is clogged up with great masses of human hair." But just how long is long? This wasn't answered in the order.

## Focus On Drugs

Panax Corp., publisher of the Escanaba Daily Press, will join the Michigan Society for Mental Health in a two-day conference which will focus its attention on drug abuse and addiction problems as they relate to the Upper Peninsula.

The second annual Upper Peninsula Conference on Mental Health, sponsored by the Upper Peninsula chapter of the Michigan Society for Mental Health, will be held Oct. 5-6 at Marquette. Panax Papers will participate in a press conference Oct. 5 at which state and national authorities on the subject of drug abuse will appear.

The magnitude of the drug problem in the nation is almost beyond belief. Although the Upper Peninsula has been spared much of the drug activities of the metropolitan area, the problem exists here and is causing increasing concern.

The U. P. Society chapter announces the conference:

"Proliferation of community interest in drug abuse and addiction problems does not necessarily lead to helpful action for those in need. The Upper Peninsula appears to be in a favorable position to deal with its abuse and addiction problems because they do not, at this point, seem as serious as those in the metropolitan areas. Nonetheless, it is important for the Upper Peninsula citizens to be prepared to deal with drug problems as they arise."

"It is the hope and desire of the U. P. chapter of the Michigan Society for Mental Health to assist mental health, education, law enforcement and parents to understand the problems and to work together towards constructive ends."

"The basis for any action, however, is adequate and accurate information. This is what we're about in this conference."

The extent to which drug abuse has become a national tragedy is frightening. It represents one of the grimmest threats to society in mankind's history.

Even the most casual observer of the drug scene must realize that abuse of narcotics is a one-way road to doom. The number of lives ruined by it rises daily. Countless young people are heading for sorrow and disaster as they slip into the shadow-world of the drug user.

An examination of the vastness and complexities of the drug problem makes its solution seem almost hopeless. It appears to be a part of the intellectual, moral and spiritual decline of the times. Restraints are being tossed aside and replaced by senseless excesses. More and more people seem to want to escape from reality, to dodge responsibility and disregard the consequences of their actions.

And is it any wonder that America is a drug-oriented society when you consider the staggering amount of commercial advertising of the type of drugs which can be readily obtained over the counter? Depressants, stimulants, sleep-inducers, sleep preventers — you name it and it's not only available, it is thrust at the public from all sides.

The tremendous increase in drug abuse is an indication that our society has become disoriented and has lost its sense of values. The need for young people to turn to drugs in search of happiness and escape is fostered by parental neglect and lack of understanding. And drug abuse thrives where social, economic and racial injustice exists.

Although the solution to the problem may seem hopeless, there are paths that appear to lead in the right direction.

New medical and therapeutic treatment have helped many addicts. Greater efforts are being made to prevent newcomers from falling victim to the deadly habit. New educational approaches are being explored. Strong measures are being taken to choke off the source of supply.

It is the hope of the U. P. chapter of the Michigan Society for Mental Health that its conference next month will help root this terrible problem out of human experience.

## Peninsula Potpourri

Doug Krokstrum of Iron Mountain has quite a string going when it comes to archery. He holds the U. P. freestyle record of 1,072 and held the state mark for half a round this year until Phil Grable of Lansing passed him on the second 28 targets. Krokstrum, 23, who took up the sport only three years ago, has many U. P. championships to his credit.

Erosion from high water and waves on Lake Superior has dumped the summer home of Mr. and Mrs. Joseph Schmitt onto the beach at Big Traverse Bay in the Copper Country. The Schmitts, who reside in Tamarack Mills, built the home in 1954 and at that time were able to drive a car — with room to spare — completely around the cabin. Schmitt said the lake has washed away from 40 to 50 feet of his property in the last 10 years.

A dim view has been taken by members of the Keweenaw Sportsmen's Club on present bear hunting activities in Keweenaw County, President Peter Fausone reports. Club members are especially critical of outside hunters who have more than 60 large dogs roaming Keweenaw and driving deer, some of them into Lake Superior. Some of the dogs are bear dogs, but it has been reported that many viciously pursue all types of game, at a time when thoughtful sportsmen are trying to promote the increase of game in the area.

The Kassab-Raich Development Co. of Palm Beach, Fla., will build a 100 room Holiday Inn Motor Hotel in Iron Mountain. Nicholas Raich, of West Bend, Wis., a partner, said that construction will begin on completion of land acquisition. He did not say exactly where the motel will be built along U. S. Highway 2, nor did he give any cost of construction.

Opening lead—five of clubs.  
Most of the so-called ingenious plays you hear or read about are merely the most logical plays to make under the given circumstances.

Take this hand where it would be easy for declarer to go wrong. Assume East wins the opening club lead with the ace, on which South plays the nine, and that East returns the six of clubs, on which South plays the queen.

West's best defense is to duck the queen, and, if he does this, declarer must go down one. South may enter dummy with a spade and take a successful diamond finesse, but he cannot return to dummy for a second diamond finesse. When he continues with the ace and another diamond, East wins with the king and returns a club to put a rapid end to South's chances.

Declarer's dereliction consists of his failure to drop the queen of clubs on East's ace at trick one. Admittedly it seems more natural to play the nine on the ace, but the fact is that the queen is a more logical move and can hardly be classified as a fancy play in the true sense of the term.

In the actual case, once South drops the queen, he cannot be stopped from making three no-trump regardless of what course of play the defenders now choose. If they persist with clubs, dummy's jack becomes an entry for a diamond finesse, and the ace of spades provides a second entry for another diamond finesse.

If the defenders abandon clubs and try their luck elsewhere, they quickly run into a dead end no matter which way they turn. South should recognize at trick one that the queen of clubs is a millstone around his neck that must be disposed of at the earliest opportunity.

© King Features Syndicate

"Keep in mind that the secretary of state is the chief elections officer for the state. In the next few years the battle over how elections are held will be a paramount issue.

"And I would like to see a Dick Austin kind of person be that chief elections officer."

Hare, usually the party's No. 1 vote getter over the years, was rolling along grandly and entered the primary for governor in 1960. Swainson also sought the helm.

Democrats at that time had Hare, the established and revered fixture, seeking the nomination against a young war hero, Swainson, a state senator and then lieutenant governor.

Polls taken six weeks before the election showed Hare handily in front. It has never been denied that the AFL-CIO turned loose its legions for Swainson.

Managers Help

Hare declared his independence, rarely consulting party leaders. He used the contributions of his 212 branch managers to get what he wanted.

With Hare departing, the secretary of state branch managers association, tried to get a pre-nomination promise from candidates that they would keep their jobs. They promised campains gathered for the nomination.

Hare first endorsed Charles Gray, of Ypsilanti, a former House member whose wife is a branch manager. Gray billboards festooned the freeways outside Grand Rapids as Democrats gathered for the nomination.

When State Senator Sander M. Levin, the Democratic candidate for governor, started nodding toward Austin — now suddenly available — Hare switched, remembering past efforts.

But Austin had a test to pass before Hare switched — a test Hare figured would be duck soup. It was Austin's position on the branch managers. Said Hare:

"Dick Austin has gone on record with the leadership of the party that he is not to be dictated to in terms of who is to be hired or who is to be fired.

"He is taking an absolutely independent course on a very crucial issue."

Hare remembers, too, his fight for highway safety legislation and the lip-service his goals got in the legislature and in the party.

It will all be in Hare's book.

## Ann Landers

# 'Second Hand Junk' Irks Bride's Mother

Dear Ann Landers: Our daughter is being married in a few weeks. A wedding gift arrived this morning from a relative. On the bottom of the gift was a price sticker — at least twice the amount the gift was worth. It had been taken off something else. The gift was beautifully wrapped by the city's largest department store. On the inside was a slip which read, "Sender's Own."

Dear Tug: I'm with you. Barney would have volunteered to worship with you if he had wanted to. It's bad enough that your daughter is being pressured by his parents. Don't add to the problem by pressuring him.

Confidential to Something Up His Sleeve: Like what? His arm? Sorry, but I wouldn't invest another dime with a man who had failed to deliver as many times as he.

How far should a teen-age couple go? Can necking be safe? when does it become too hot to handle? Send for Ann Landers' booklet, "Necking And Petting — What Are The Limits?" Mail your request to Ann Landers in care of your newspaper enclosing 50 cents in coin and a long, stamped, self-addressed envelope.

## People, Events Of Yesteryears

From the Files of the Escanaba Daily Press

### 25 Years Ago

Mrs. Roy Baldwin, 1811 Grand Ave. S., left for Menominee, where she will meet with the state chairman of junior activities of the Disabled American Veterans Auxiliary. They will make plans to organize a junior auxiliary to the Escanaba Chapter 24 of the D.A.V. Auxiliary.

I'm sick of having a permanent, non-paying boarder and so is my wife. On three occasions I've started to speak to Nellie about moving but my wife interrupts and changes the subject. She is too soft-hearted for her own good. What's more my wife has developed migraine headaches because she keeps everything bottled up. Please, Ann, tell me what to do. — Beside Myself.

Dear Beside Yourself: It's up to you to tell Nellie she must give her tenants notice because she is moving back to her own place. If your angel wife tries to change the subject, don't allow it, keep talking. The barmacle, I mean guest, is your sister and it's up to you to get rid of her.

Henry H. Hughes, secretary of the Upper Peninsula Industrial Relations Association, will speak at the First Methodist Church Sunday morning at 10:30. His subject will be "The Church and Committee Work."

Nestled high in the Pyrenees between France and Spain, the tiny state of Andorra annually spends about \$50 in its defense budget. The funds buy the blank ammunition fired by the 20-man police force to salute visiting dignitaries.

## GM, UAW Set Strike Talks At Local Level

DETROIT (AP) — General Motors Corp. today called in labor relations chiefs from its various divisions as both it and the United Auto Workers—stalemated in national bargaining—sought to get local-level, at-the-plant negotiations moving.

Now that the UAW has struck GM in support of new contract demands, UAW President Leonard Woodcock says local-level working agreements, which supplement the national wage package, must be wrapped up in 155 locations before workers return to their jobs.

While division labor experts of the company came to Detroit, members of the corporation's labor relations staff spread out across the United States and Canada for meetings with local-level negotiators.

Although local-level bargaining opened with that on the national level in mid-July, only three settlements have been reached out of a majority of 157 which Woodcock says must be in hand before he orders some 344,000 strikers back to their jobs.

Woodcock and other union chiefs, meanwhile, continued their nationwide series of meetings with local-level UAW bargaining teams in what they said was an attempt "to emphasize the urgency of the situation."

In the past, local-level strikes over such issues as seniority lists, parking lot privileges, air conditioning and water-cooler locations, have crippled automakers, sometime for weeks, after national settlement. In all, there are 30,000-plus demands on local tables.

GM's and the UAW's national bargaining teams recessed their sessions after last Monday midnight's walkout until next Tuesday.

## Washington PTA Begins Season

Washington School PTA met Tuesday evening at the school and this first meeting of the school year was well attended.

Mrs. Walter Russell, president, introduced the PTA officers and Mrs. Richard Larson, program chairman, spoke on the various types of school dress. Models were David Tucker, Patti Mileski, Greg Marcoe, Denise Carroll and members of Mrs. Boyce's kindergarten class.

Kerry Montgomery described the school basketball uniform and cheerleaders Denise Carroll and Colleen Holmes modeled their uniforms.

Dr. and Mrs. James Ryan were introduced to the group and F. Cassidy, principal introduced the faculty, including Mrs. Hazel Wilson, new special reading teacher.

Mrs. Russell stated that the new kitchen equipment has been purchased with stamp coupons donated by parents. A poster contest will be held at the Halloween Carnival and awards will be presented.

Washington PTA will sponsor a Girl Scout troop and leader will be Mrs. Muriel Holmes. Room count was won by Mrs. Hammond's first grade room. Lunch was served by the fifth and sixth grade mothers with Mrs. Eugene Esslinger and Mrs. Wilfred Beauvais, in charge.

## In Service

S. Sgt. James L. Franklin, son of Mr. and Mrs. Dewey Franklin of Rte. 1 Rapid River, has received the U. S. Air Force Commendation Medal for meritorious service in Vietnam. Franklin, a jet engine mechanic, was cited for his outstanding professional skill and initiative while assigned to the 31st Field Maintenance Squadron at Tuy Hoa Air Base. He is a 1956 graduate of Rock High School and is married to the former Marlene Huey of Rome, N. Y.

**Pfc. Marvin G. Lusardi**, 24, son of Mr. and Mrs. Adiore A. Lusardi of Trenary, received the Combat Infantryman Badge on Aug. 18 in Vietnam. He received the award while assigned as a mortar crewman in Co. A, 3rd Battalion, 12th Infantry of the 4th Infantry Division near An Khe. Lusardi entered the Army in September of 1969 and completed basic training at Fort Campbell, Ky. He was last stationed at Fort Benning, Ga.

## Obituary

**MRS. MINNIE DUNSMORE** Funeral services for Mrs. Minnie Dunsmore were held at 9 a. m. today at All Saints Church in Gladstone with Msgr. Matt LaViolette officiating. Burial was in Fernwood Cemetery.

Pallbearers were Sidney and James Ridings, Edward, Thomas and Michael Davis and Ronald Anderson.

MOUNTAIN OF SALT AT Delta Coal & Dock, Gladstone, is being reduced as huge trucks remove it to municipalities in the region, where it will be used in ice and snow control on roads and streets next winter. The salt arrived at the dock by boat on Monday. (Daily Press Photo)

## Winter's Salt For Ice Control Is Distributed

By MARGARET ADAMS

The recipe for wintertime traffic safety requires a liberal sprinkling of salt, and there's a huge supply of it at Gladstone ready for distribution.

Gladstone is one of four Upper Peninsula lake ports that serve as receiving points for the Morton Salt Company's ice control department, with offices at Madison, Wis.

In preparation for wintertime highway conditioning, the company is unloading 13,500 tons of salt at Gladstone, with equal amounts at Sault Ste. Marie, St. Ignace and Hancock. From these cities it is trucked to various parts of the Peninsula.

O. M. Hjort of Madison, formerly of this area, returned to Madison today after being here to supervise the program for the Morton Salt Co.

The salt arrived at Delta Coal & Dock Co. terminal in one cargo on the carrier SS Algoma, a 639-foot self-unloader owned by

## Are Candy Bars Contaminated?

CHICAGO (AP) — A candy company has halted all production in the wake of an announcement by the Food and Drug Administration that some Oh Henry Nut Rolls manufactured in June were possibly contaminated with potentially hazardous bacteria.

A spokesman for the manufacturer, Williamson Candy Division of Warner-Lambert Pharmaceutical Co., said this week the decision was prompted by considerations of "public confidence."

The FDA announced earlier in Washington that more than a half million of the nut-roll bars manufactured June 18 and June 26 were possibly contaminated with the bacteria salmonella. Such bacteria may cause stomach upset and dysentery dangerous to infants and the elderly.

Williamson Candy agreed Aug. 27 to recall any remaining Oh Henry bars of the suspect lot from nationwide trade channels. It halted production and shipment of the nut rolls Sept. 4, pending review of quality control procedures, company spokesman said.

Production and shipment were halted Thursday on three other candy brands—Choco-Nuts, Salted Nut Roll and Nut Clusters—produced in Williamson's Chicago plant. All four brands, including the nut rolls, bear the words "Oh Henry."

The company recalled the Choco-Nuts, Salted Nut Roll and Nut Clusters bars from the market although, spokesmen said, the FDA did not request this action.

Plant manager Herbert Anderson said that to his knowledge these brands were not contaminated.

## Bark River

### Birthday Party

Classmates of David Johnson helped him celebrate his eighth birthday Saturday afternoon at the home of his parents, Mr. and Mrs. Gregg Johnson. Games were played with prizes for all. The lunch table featured a zebra cake and candy favors for each child.

Attending were: Michael and Cheryl Vian, Gordon Leese, Timmy Lippens, Michael and Joseph Bugay, Robert Welch, Randy Vian, John McLeish, Allen Palmgren, Duane Andzejewski, John Gasparick, Robert Good and David's sister, Sandy, and his brother, Mark.

More people get more news from newspapers than all other sources combined.

## Sears, Wards Filing Suits Against Kelley

DETROIT (AP) — Sears, Roebuck and Montgomery Ward & Co. officials Friday responded to charges by Attorney General Frank Kelley of alleged illegal credit practices by claiming their stores' finance charges are within the bounds of present Michigan law.

Both retail chains announced they were filing counter suits against the attorney general so courts might establish the correct interpretation of state credit statutes.

Kelley filed suit Thursday against the two stores and two other chains, charging them with using the "previous balance" method of figuring interest on charge accounts.

Under the method, alleged by Kelley to be illegal, customers could end up paying interest on portions of bills they have already paid.

Replying to Kelley's charges, Sears Detroit Credit Sales Manager Chester Phillips said:

"The issue raised by the attorney general, we believe, is the result of a misunderstanding of how finance charges are determined on revolving charge accounts."

He said most retail stores in Michigan use the same method to determine finance charges.

Montgomery Ward Detroit Area General Manager Fred D. Schunk said he believes Ward's credit practices comply fully with the Michigan installment sales act, as well as the Federal Truth in Lending Act.

He said he thought Kelley's version of state laws was distorted.

## Police Searching For Girl's Slayer

GRAND RAPIDS (AP) — A police search for the killer of a pretty 19-year-old newly wed remained unsuccessful.

The officer in charge said the hunt for the killer of Shelley Mills has police "just doing a lot of routine legwork and eliminating suspects."

Mrs. Mills, married less than three weeks, was found dead on the kitchen floor of her apartment Tuesday. She had been stabbed more than 20 times.

Police reported Thursday they have not found a motive for the killing nor the weapon used by the teen-ager's killer. An autopsy indicated Mrs. Mills was not sexually molested even though her body was found clad only in a blood drenched t-shirt, hiked up about her neck.

The body was found by Mrs. Mills' mother, Mrs. Richard Speet of Holland, when she arrived to take her daughter to visit a relative.

William Mills, the dead girl's husband, was at work when the slaying occurred about 8:30 a. m. police said. Mills is a music instructor at Lowell High School.

Ronald Anderson of the Michigan Association for Retarded Children will hold a work-bee at its activities center, 2200 6th Ave. N., Monday at 7 p. m. Members and friends are asked to attend and are requested to bring pails and cloths.

Cub Pack 415 will hold a round-up and registration meeting at the VFW Hall at 7 p. m. Monday, Sept. 21. All boys are to be present. Any boy in the northside area interested in the Cubs is invited to register Monday night.

Parents are asked to come to the meeting with their sons, and anyone wanting further information may call Cubmaster James Stasewich.

Eighteen senior citizens from Seney, Germfask and Lakewood attended the potluck supper at the Seney Townhall Thursday evening.

## Former Spalding Resident Dies, Services Monday

Mrs. Anna Sharop, 90, of 1817 13th Ave., Menominee, died Friday at 11 a. m. at St. Joseph-Lloyd Hospital.

The former Anna Cota was born May 7, 1880, in Quebec, Canada. She moved to the Spalding area in 1889.

Her husband, Frank, died in 1938. She came to Menominee in 1945.

She was a member of the St. Adelberts Church, a member of the Altar Society, and of the Legion of Mary's Auxiliary.

Survived include five daughters, Mrs. Velling LaBell of Escanaba, Miss Irene Sharon and Miss Lillian Sharon, both of Menominee, Mrs. John Feher of Stephenson, and Sister Rose Jude of the Maryknoll sisters of California; five sons, Frank of Vulcan, Bill of Daggett, Ernest of Wakefield, Lester of Milwaukee, and Leo of Menominee, 19 grandchildren, 34 great grandchildren, and one great great grandchild. A brother, Delore Cota, of Wilson, also survives.

Funeral services will be held Monday at 10 a. m. at St. Adelberts Church. Burial will be in the Spalding Township Cemetery. Friends may call at the Lemieux Funeral Home from 4 to 9 p. m. Sunday. The Rosary will be recited at 8 p. m. Sunday.

Rev. Haring extends a cordial invitation to everyone to attend services at the Bethel Baptist Church.

## Church Busing Service Set

A church bus will be operating Sunday morning in the Gulliver and River Road area to pick up anyone wishing to attend church services at the Bethel Baptist Church.

Persons will be picked up at corners along the route and returned to the same location after services, without charge.

The bus will begin picking up riders in the Gulliver area about 8:15 a. m., then travel the River Road route and come into town on Arbuthnott Ave., arriving at the church about 9:15 a. m.

On Sept. 27, a second route will be added with the bus unloading passengers from the Gulliver-River Road and then travelling Deer, Badger, N. Houghton Ave. to pick up riders.

The church has 16 teaching rooms and 20 teaching areas plus a staff of dedicated workers and in this way is attempting to be of the greatest possible help to the families of our community," Pastor Robert Haring said.

Funeral services will be held Monday at 10 a. m. at St. Adelberts Church. Burial will be in the Spalding Township Cemetery. Friends may call at the Lemieux Funeral Home from 4 to 9 p. m. Sunday. The Rosary will be recited at 8 p. m. Sunday.

Rev. Haring extends a cordial invitation to everyone to attend services at the Bethel Baptist Church.

## Germfask

Mrs. Helen Losey of Lapeer and her daughter and husband, Mr. and Mrs. Jack Sollinger and girls of Garden City spent a few days here. Mrs. Losey was the guest of Mr. and Mrs. Warren Harris. Mr. and Mrs. Sollinger attended her 20th year class reunion at Manistique while here.

Mr. and Mrs. Larry Swisher and Mr. and Mrs. John Ketola both of Ann Arbor attended a 10-year get-together of members of class of 1960, Newberry High School, over the weekend.

Terry Papple of Mequon, Wis., is visiting his grandmother, Mrs. Addy Losey and other relatives here.

Mrs. Margaret Bramble of Dimondale is visiting at the home of her sister and husband, Mr. and Mrs. Clifford VanSchoyck and other relatives here.

Mr. and Mrs. Thurman Skarritt have returned from Utica, where they visited their daughter, Mrs. Mona Sadler, who is ill and their son-in-law, James Sadler who is recuperating from an auto accident. Grandchildren Jimmy and Elizabeth accompanied them home for a visit.

Mrs. Bertha Miller accompanied her son Harold to Grandville where she visited another son and wife, Mr. and Mrs. Lawrence Miller and family for a few days.

Mr. and Mrs. Andrew Swisher and family of Wells visited relatives here recently.

Mr. and Mrs. Vernon Lloyd have left for lower Michigan where they will spend several weeks visiting their children and families in the Ann Arbor area.

## Obituary

FAY L. PATTERSON

Complete funeral services were held Thursday at 2 p. m. from the Messier-Broullier Funeral Home for Fay L. Patterson, 71, Gulliver, who died Sept. 15 in the Schoolcraft Memorial Hospital.

Johnson said rock music songwriters attempt to help people understand the plight of drugs and means of dealing with it.

"No songwriter I know is urging as a Utopia a society in which the junkie's life is a rational option," Johnson said.

"Agnew now seems to think that music is the cause of—rather

than relief from—the pressures that lead people to use hard drugs."

As for the vice president's admission that he listens to rock music, Johnson said, "I don't think that's cause for panic."

William Mills, the dead girl's

husband, was at work when the slaying occurred about 8:30 a. m. police said. Mills is a music instructor at Lowell High School.

Ronald Anderson of the Michigan Association for Retarded Children will hold a work-bee at its activities center, 2200 6th Ave. N., Monday at 7 p. m. Members and friends are asked to attend and are requested to bring pails and cloths.

Cub Pack 415 will hold a round-up and registration meeting at the VFW Hall at 7 p. m. Monday, Sept. 21. All boys are to be present. Any boy in the northside area interested in the Cubs is invited to register Monday night.

Parents are asked to come to the meeting with their sons, and anyone wanting further information may call Cubmaster James Stasewich.

Eighteen senior citizens from Seney, Germfask and Lakewood attended the potluck supper at the Seney Townhall Thursday evening.

# Escanaba, Gladstone Extend Victory Strings

## Eskimos Impressive; Whip Hapless Devils

The Soo Blue Devils couldn't keep track of the flood of backs sent into battle by Escanaba's head Coach Jerry Cveengros last night and were severely outclassed by the Eskimos 62-6.

With that kind of score, anybody would think that Escanaba was trying to run up the score to preserve their No. 1 ranking in the U.P., but as early in the first half and for just about the entire second half, nearly the entire Eskimo squad was in action. Overall, twelve backs saw action with five different runners scoring touchdowns.

The Eskimos, unbeaten

in their first three games, had a field day against the frustrating Blue Devils. Versatile quarterback Tom Kangas and reserve quarterback Rich Miketinac had receivers in the clear all night as they pitched three touchdown strikes to Doug Howard, Rick Brookes and Bruce Belanger. Howard and John Erickson had two touchdowns apiece while Bill Suriano, Al Thorbjornsen and Kangas all chipped in with scores by hitting enemy paydirt both through the airways and on the ground.

Escanaba's running attack gained ground almost at will, picking up 211 yards in 42 carries.

Rick Jensen, playing a key role on defense, sparked the Eskimos touchdown drives time after time by returning punts of 46, 33 and 32 yards, highlighted by some brilliant footwork and behind great blocking by the Eskimo defense. Jensen also stopped the Soo by intercepting a pass and by also being in on quite a few plays that all but stopped the Blue Devils cold.

### Eskimos Score Fast

In chalking up their third straight triumph with a standout defensive effort and a solid ground attack, the Eskimos opened their scoring derby early in the game, when the second time they had their hands on the ball, Howard broke tackle and behind some great blocking by the interior line raced 66 yards to paydirt. Kangas kicked the extra point and with 6:01 to go in the quarter, the runaway was on the Eskimos lead 7-0.

Minutes later the orange and black machine was rolling again, as the Soo failed to get a first down and on the first play after the punt, Kangas hit Howard with a 39 yard scoring strike. Kangas again split the uprights making the score 14-0.

With the Eskimos defensive at its peak, Soo again was forced into a punting situation just before the quarter ended but a bad snap from the five-yard line by the Soo center, went into the Blue Devils' end zone where immediately the ball was downed by a whole flock of Eskimo defenders and Escanaba had two more points.

### Kangas Brilliant

Leading 16-0, Kangas started to work again as he hit Howard with an 18-yard pass as the quarter ended.

With the ball on the Soo 16-yard line, Kangas on a good fake, kept the pigskin and scampered 12 yards to the Soo 4 on the opening play of the second quarter. Two plays later stocky Bill Suriano was in the end zone, making the count 22-0. The two-point conversion

failed, but the Eskimos score-board read Escanaba 28, Soo 0.

Just before the half ended,

Leading 48-6, Erickson broke away again, this time on a 50-yard gallop, and with 43 seconds gone in the final period, Escanaba's bulge was 54-6. Miketinac hit Belanger for the two-point conversion and the score mounted to 56-6.

Just before the game ended Miketinac hit Belanger again, this time on a 10-yard touchdown strike to make the final score Escanaba 62- Soo 6.

Escanaba will return to the warfare of the Great Northern Conference next Friday night in a home stand against the powerful Kingsford Flivvers, the same team that put a damper on the Eskimos hopes last year and the Eskimos would like to do no more than return the favor this

year.

Just before the half ended,

TOUCHDOWN SCAMPER — Wingback Doug Howard (26) of the Escanaba Eskimos turns the corner and heads upfield on the start of his 66-yard touchdown run in the first quarter of the Eskimos' 62-6 victory over the Sault Ste. Marie Blue Devils Friday night. Coming up to attempt a

tackle on Howard is Michael Pierce (22) of the Blue Devils, while Howard's teammates Dan Necci (66) and Gary Brawley (76) watch in the background. The victory was the Eskimos' third of the season against no defeats. (Daily Press Photo)

## Emeralds Roar, Sputter, Lose To Mustangs 28-22

MANISTIQUE — The Manistique Emeralds, displaying vast improvement on offense with each start, did not have quite enough get up and go on defense and were sidetracked by the Munising Mustangs 28-22 in a Great Lakes Conference game here last night.

With Kendall Neeson once again directing the offensive punch after an exchange of punts, hit paydirt when Neeson, on an end sweep, raced into the end zone from 13 yards out. The Emeralds completed the drive by tossing a two point bomb to Dave Michleson and within minutes of the opening quarter Manistique led 4-0.

If this wasn't bad enough, on the very first play after the Soo took the kickoff, Kangas intercepted a Soo pass and raced back 37 yards for another Eskimo touchdown. A true example of a coach's night.

### Rare Happenings

A rare oddity after these two quick touchdowns is that Escanaba had 12 points added to their total without running an offensive play.

With two minutes to go into the third quarter, the Blue Devils finally got into Escanaba territory for the first time. The Blue Devils recovered a fumble on the Eskimo 45-yard line. Six plays later the Soo avoided a shutdown when Mick Adams plunged over from the one.

Leading 48-6, Erickson broke away again, this time on a 50-yard gallop, and with 43 seconds gone in the final period, Escanaba's bulge was 54-6. Miketinac hit Belanger for the two-point conversion and the score mounted to 56-6.

Just before the game ended Miketinac hit Belanger again, this time on a 10-yard touchdown strike to make the final score Escanaba 62- Soo 6.

Escanaba will return to the warfare of the Great Northern Conference next Friday night in a home stand against the powerful Kingsford Flivvers, the same team that put a damper on the Eskimos hopes last year and the Eskimos would like to do no more than return the favor this

### League Fees

Team captains who still have not turned in league fees for Twilight League play at the Highland Golf club are asked to do so Tuesday evening.

Tuesday will be the final night of league play at the Highland and Awards Night will be held on Sept. 29.

## Practice Sessions For Punt, Pass, Kick Test

All the youngsters who have registered for the local Punt, Pass & Kick Competition to be held Oct. 3, will have a chance to tune up their skills at a special practice session to be held Wednesday Sept. 23, at the Escanaba Area High School Athletic Field.

"Our PP&K Clinic will begin at 6:30 and last about one hour," said Bill DeHaan and Joe Heller, co-chairmen. "The Clinic's purpose is to familiarize the boys with competition procedure and to provide them help on punting, passing and kicking from the football coaches we'll have there."

"We're fortunate to have Escanaba Area High School football coach Jerry Cveengros as our clinic director. Throughout his many years of experience in athletics, Coach Cveengros has made football his specialty and has devoted much of his time to working with young, aspiring players. Coach Cveengros was an outstanding lineman at the University of Wisconsin and since coming to Escanaba as head football coach in 1962 his teams have had a 63-13-4 record, including 2 undefeated seasons."

"In addition to Coach Cveengros, we'll also have a number of able assistants," said DeHaan and Heller. "Assistant coaches Jim Hirn and Jim Lindstrom along with several varsity players will demonstrate football skills for the youngsters."

Heller and DeHaan noted that registration for Punt, Pass & Kick is still open to all boys 8-13 years of age. All that is required is that the boy come into the Northern Motor Company showroom and sign up for PP&K with either a parent or guardian. There is no entry fee or charge of any kind. Regis-

tration closes Oct. 2.

"Northern Motor Company will be awarding a total of 18 winners' trophies in our local PP&K competition on Oct. 3," said Heller and DeHaan. "And from our contest, winners could go on to win in the zone, district, area and division competitions. After that, top competitors in each age group will go on to Los Angeles where they'll be in the national finals in the pro All-Star Game, Jan. 26.

"The all-expense-paid trip to the Coast includes the parents of each finalist, a special tour of Disneyland, a Banquet of Champions celebration, and the chance to meet some of the top players and coaches in professional football. Naturally, we hope some of our Escanaba PP&K winners will make it all the way to the finals," DeHaan and Heller said.

A one-yard plunge by Eugene Salter and a 35-yard pass from Salter to Bigger accounted for 12 of the Eagles' 16 points in the second period. The other four came on a pass from Bigger to Dennis Kleeman after Salter's touchdown and another run by Fillman.

Bigger threw two touchdowns passes in the second half, on a five-yard hookup with Kleeman and the other a 74-yard screen pass to Fillman. Passes after both touchdowns for two-

point conversions were incomplete.

Fillman topped all Engadine ball carriers in the game with 94 yards in 10 carries, while Salter helped out with 63 yards in 14 attempts.

As Carlson, Engadine coach, reported this morning that the game was played with about one inch of water all over the field and with sawdust on top of the water. As Carlson put it, "It was really swampy."

Engadine scored 14 points in the opening period of play by a 43-yard scamper off tackle by Gus Fillman and two-yard run by Skip Bigger. A pass for the two-point conversion after Fillman's touchdown was incomplete, but Fillman ran for two points after the second touchdown.

A one-yard plunge by Eugene Salter and a 35-yard pass from Salter to Bigger accounted for 12 of the Eagles' 16 points in the second period. The other four came on a pass from Bigger to Dennis Kleeman after Salter's touchdown and another run by Fillman.

# Capacity Crowd Expected To See Bears Vs. Giants

By The Associated Press  
A 60 will mark the '70 debut of professional football in New York tonight when the Chicago Bears play the Giants.

A sellout crowd of 62,000 is assured for the game, the only scheduled Saturday action in the National Football League, and it will mark the 60th consecutive capacity crowd to watch the Giants at Yankee Stadium, dating back to 1962.

The NFL season was launched Friday night when the Los Angeles Rams, unbeaten during the exhibition season, routed the St. Louis Cardinals 34-13.

## Three TD Passes

Roman Gabriel threw for three touchdowns and Alvin Haymond scooted 98 yards with the second half kickoff for another score as the Rams, a favorite to get into the Super

# Lanier Given Okay To Play

YPSILANTI (AP) — Bob Lanier, the Detroit Pistons' million-dollar rookie, has been given the green light to return to full practice sessions after an injury scare, the Pistons announced Friday.

Lanier was sidelined last Monday after he fell during a practice session at Eastern Michigan University and twisted his knee. The knee had been injured seriously at the close of his college career at St. Bonaventure where he was an All-American.

Lanier will be able to play in the Pistons' full-scale scrimmage which will climax the practice sessions at EMU, the team said. That game is scheduled for 8 p.m. Tuesday at the EMU gym.

The big center who is 6-foot-11, signed with the Pistons for more than \$1 million, it was reported.

# Blue Flame Hits 200 MPH Friday

WENDOVER, Utah (AP) — The Blue Flame made several more low speed test runs Friday as preparations continued for an attempt at the world land speed record.

One observer estimated the runs at about 200 m.p.h. and said they went smoothly.

No attempt at the 600.601 m.p.h. land speed record set was expected before Sunday, and indications were that the attempt might come somewhat later next week.

More people get more news from newspapers than all other sources combined.

# Nebraska '11 To Face Tough USC Tonight

By The Associated Press  
Bowl, got off on the right foot. Gabriel hit 16 of 26 passes for 185 yards and Haymond contributed another 50-yard kickoff return to set up another score. Meanwhile, the defense held the Cardinals to only two field goals until the final period.

The other NFL teams will be in action Sunday except for the New York Jets and the Browns, who will play in Cleveland Monday night in a nationally televised game.

## Other Contests

Sunday, Denver is at Buffalo, Houston at Pittsburgh, Baltimore at San Diego, Miami at Boston, Oakland at Cincinnati, Atlanta at New Orleans, Dallas at Philadelphia, Detroit at Green Bay, Washington at San Francisco and Kansas City at Minnesota.

Gale Sayers, held to limited action in pre-season play, launched the defense of his rushing title in a bid to lead the Bears back from a disastrous 1-13 record in 1969. Middle linebacker Dick Butkus again will key the Chicago defense, which will be to stop scrambling Fran Tarkenton and running back Ron Johnson, acquired during the off-season.

## Chiefs Face Vikings

The national television game Sunday will pit the last Super Bowl opponents, Kansas City and Minnesota at Minnesota. The game will be shown on NBC starting at 4 p.m. EDT. But this time quarterback Joe Kapp won't be there.

Kapp, holding out in a salary dispute, has been replaced by Gary Cuozzo. Cuozzo had a good exhibition campaign which he climaxed by passing for 351 yards and two touchdowns against Chicago. Len Dawson again will be at the controls for the world champion Chiefs.

## Austin At Helm

Sunday also will see the debut of Bill Austin as Washington coach in place of the late Vince Lombardi. And the passing of Sonny Jurgensen is the best chance Austin has for a winning start. Jurgensen was brilliant in exhibition play, with 83 completions out of 131 attempts for 910 yards and eight touchdowns.

Veteran John Brodie will lead the 49ers. Brodie had a good exhibition campaign, with 57 of 109 for 750 yards and five touchdowns.

## Robinson At Helm

Sunday also will see the debut of Bill Austin as Washington coach in place of the late Vince Lombardi. And the passing of Sonny Jurgensen is the best chance Austin has for a winning start. Jurgensen was brilliant in exhibition play, with 83 completions out of 131 attempts for 910 yards and eight touchdowns.

Nebraska rolled over Wake Forest 36-12 in its opening game, says Devaney: "It's great to win the opener, but our real test will come against Southern Cal. We must make a lot less mistakes than we did against Wake Forest."

## Ballonist Going Up While Market Down

NEW YORK (AP) — Rod Anderson, a 32-year-old commodities broker turned balloonist, figures the best time to go up is when the market is down. He aims to stay up longer than anyone.

A novice in the sport with 30 minutes flying time, Anderson plans to leave Long Island Sunday on the bottom-side of a 10-story balloon bound for England—or France. Or somewhere, transatlantic.

"There are a thousand other things to think about," he says, dismissing the worry of exactly where. "By concentrating on

the details, you don't dwell on it."

### Engineer Aboard

Accompanying Anderson will be Malcolm Brighton, 32, of Farnham, England, an aeronautical engineer and amateur balloonist with considerable more experience.

If they succeed in crossing the Atlantic, it will be the first time a manned balloon has made the trip. The 3,000-mile-plus journey would establish a distance record for all classes of balloons.

### Record Set In 1914

The present record of 1,896 miles was set by an eight-man German team flying a "Class 10" balloon in 1914. Anderson and Brighton will make their trip in a smaller, "Class 8" balloon, and the record in that class, said Anderson, is just over 1,700 miles.

But getting in the record books is only part of the challenge, says Anderson, a native New Yorker who lives with his wife in Manhattan.

"There are so few adventures left, I wanted to try it," he said. "I guess that's probably the biggest reason."

And he has never been to Europe.

### Privately Financed

The trip, financed privately, was in the planning stages four years. Brighton helped supervise the final stages this summer, making his first trip to the United States.

Their helium balloon, christened "Free Life," is equipped with 4,500 pounds of navigational and radio instruments, as well as survival gear, food and medical supplies—all packed where the men will ride, in a bright yellow gondola 4½ feet high and 12 feet in diameter. It floats.

### 15,000 Feet Height

Anderson said they plan to fly at an altitude of 15,000 feet, using fuel from 10 propane gas tanks to heat the helium to gain altitude when necessary. Depending on the weather, the crossing could take from 6 to 16 days with speeds averaging up to 50 miles an hour.

The first attempt to cross the Atlantic by balloon, listed in the World Almanac, was made in 1873 under the sponsorship of the New York Daily Graphic. That trip was abandoned when the balloon ripped during inflation.

**Panther Gets 12-15 Years**

NE WHAVEN, Conn. (AP) — Black Panther Lonnie McLucas was sentenced to 12-15 years in prison Friday for his conviction on charge of conspiracy to commit murder in the slaying of a fellow Panther last year.

Judge Harold M. Mulvey, who presided at the lengthy trial of McLucas this summer, set bond for the North Carolina native at \$35,000.

"I've thought a great deal about what I'm about to do," Mulvey said before imposing the sentence. The maximum penalty on the charge is 15 years.

The Superior Court judge said that in setting the high bond he took into consideration the charge that McLucas violated parole by coming to New Haven from his home in North Carolina last year. McLucas had been placed on parole after serving a term for robbery in New York.

McLucas was convicted by a Superior Court jury Aug. 31. The jury acquitted the 24-year-old defendant of charges of binding with criminal intent, conspiracy to kidnap, and kidnapping resulting in death.

McLucas was the first of eight Panthers to go on trial in the slaying of Alex Rackley on May 21, 1968. Police charge that the Panthers suspected Rackley of being an informer, tortured him at the New Haven party headquarters, then drove him to a swamp in Middlefield—about 25 miles northeast of here—and shot him in the head and chest.

**City Rules Out Nonreturnable Bottles, Cans**

BALDWIN, Mich. (AP) — Lake County has banned the sale of nonreturnable bottles and cans in an antilitter campaign covering the heart of one of Michigan's summer recreation areas.

"We're not naive enough to believe this will bring about an end to litter, but it's a first step if nothing else," said Lake County Prosecutor Edwin Kaplan.

The board of county commissioners unanimously passed the ordinance at its regular meeting this week. It prohibits the sale of nonreturnable soft drink and beer bottles and cans because "their consequent disposal is producing an adverse effect upon the environment which is injurious to the health, safety, comfort, convenience, welfare and happiness to residents."

Kaplan admitted, "There are questions" as to the legality of the ordinance. "It's a question of whether or not a county can prohibit something the state allows. As far as I can tell, this particular ordinance has never been ruled on before," Kaplan said.

Newspaper Want Ads are a big sell! One billion, twenty-one million was spent on advertising combined and more classified ads last year . . . more than for all magazines than 300 million more than radio advertising.

## Soo Man Facing Income Tax Count

DETROIT (AP) — Willard Taylor, 50, Sault Ste. Marie, Mich., arraigned Thursday in U.S. District Court at Detroit on a three-count charge of evading income taxes.

Taylor stood mute and a plea of innocent was entered for him.

Taylor, a former Internal Revenue agent, is owner and operator of Taylor's Accounting and Tax Service at Sault Ste. Marie. Federal agents alleged he failed to file returns from 1964 through 1966.

### Card of Thanks

### Verbrigghe

In loving memory of our dear mother and grandmother, Felice Verbrigghe, who passed away two years ago, Sept. 19, 1968.

What we would give if we could say,

"Hello Mom" in the same old way To hear your voice, see your smile, To sit by your side and talk awhile.

So you who have a loved one Cherish them with care.

For you'll never know the heartache.

Till you see their vacant chair.

**Sadly Missed By**

Mr. and Mrs. Richard King

Mr. and Mrs. Tom Judson

And Grandchildren

### In Memoriam

### Suomi

I wish to thank all my friends, neighbors and relatives for the cards, flowers and gifts I received while a patient at St. Francis Hospital. A special thanks to Dr. Gordon and Dr. Hockstad, the Nurses and Nurses Aides on third floor North, who all helped make my stay more comfortable.

Irene Suomi

### LEGAL NOTICES

#### STATE OF MICHIGAN

Circuit Court for the County of Delta

ORDER TO ANSWER  
File No. 1347  
Emily Yvonne Thurber

Plaintiff  
vs.  
Charles Edward Thurber

Defendant

On September 4, 1970, an action was filed by Emily Yvonne Thurber Plaintiff, against Charles Edward Thurber, Defendant, in this Court to obtain an absolute divorce.

It is hereby ordered that the Defendant, Charles Edward Thurber, shall answer or take such other action as may be required by law.

Failure to comply with this order will result in a judgment by default against such Defendant for the relief demanded in the complaint filed in this Court.

Date: Order: September 9, 1970.  
Hon. Bernard H. Davidson  
Circuit Judge

Plaintiff's Attorney: Robert G. Foster  
Upper Peninsula Legal Services, Inc.

120 North 22nd Street,  
Business Address: Escanaba, Michigan 49829  
Telephone: 786-2308

Newspaper Want Ads are a big sell! One billion, twenty-one million was spent on advertising combined and more classified ads last year . . . more than for all magazines than 300 million more than radio advertising.

The reason for the geographical price variations, an industry source explains, is because weight and freight costs make shipment at uniform prices not practical.

A \$10 a ton increase has been announced by Anglo-Canadian Pulp & Paper Mills Ltd., Consolidated-Bathurst Ltd. and Canadian International Paper Co. The companies are all in Canada and supply the eastern United States. The price increases are effective Jan. 1, 1971.

## Elderly Citizens To Air Concerns At Aging Forums

Elderly residents of Michigan will have an opportunity to speak out on the quality of their life at 51 community forums scheduled to begin this weekend throughout Michigan.

Nine of the forums are scheduled in the Upper Peninsula, including one at the Catherine Bonifas Civic Center in Escanaba at 4 p.m. Sunday and another Wednesday, Sept. 23, at 1:30 p.m. at the Zion Lutheran Parish Center in Manistique.

The Escanaba meeting is being arranged by Mrs. Ruth Neumeier, 1835 10th Ave. S., chairman for Delta and Menominee counties. John Moffat, 235 Range St., is the Schoolcraft County chairman.

The community forums are the first phase of a three-year plan of White House Conference on Aging activities. As part of the conference's overall theme, "Older Americans Speak to the Nation," Michigan's elderly citizens are being encouraged to speak out on their needs, concerns and possible solutions at the grass roots level.

### To Complete Forms

Older adults attending the community forums also will be requested to complete questionnaires relating to the areas of income, nutrition, health, housing, transportation, employment and retirement, education, roles and activities and spiritual well-being.

All of the information given at community forum will be analyzed by task forces composed of experts in the various fields affecting elderly persons and will be used in preparing resolutions and recommendations for the State White House Conference on Aging and the 1971 White House Conference, according to the Michigan Commission on Aging, Lansing.

Goals of the program are to develop a more realistic and comprehensive national policy for older Americans; to arouse public awareness and concern for older peoples' needs and for the development of their potential as a national resource; to seek better methods of developing and sustaining national, state and local efforts—both public and private—in the field of aging; and to direct national action to strengthen the means of older people for independent living and im-

### U-M 'Tent People' Not All Students

ANN ARBOR (AP)—A three-week old tent-in protesting student housing shortages at the University of Michigan is continuing, but observers say nearly half of the "tent people" camped on the university Diagonal, a central-campus plaza, are not students.

Of the original 30 students who first mounted the protest, only about 15 remain. The rest of the population of the tent community is made up of young people just passing through town.

The community, whose numbers shift daily, includes one U-M faculty member, zoology Prof. Robert Beyer, and his wife.

The tent-in was originally organized by the Ann Arbor Tenants Union, an unofficial student organization, when a large number of freshmen were told the university might not be able to provide them with housing.

Associate Director of Housing Robert Hughes said rooms have since been found for all of the freshmen students involved.

U-M officials granted tenants union members the right to pitch their tents on the campus, but said no sanitary facilities could be provided.

Campers are required to move their tents every few days to avoid killing the grass.

**"SLOW BOAT TO CHINA"** — Far East shipping magnate C. Y. Tung of Hong Kong stands beside his newest acquisition, the majestic Queen Elizabeth, in Fort Lauderdale, Fla. Tung bought the retired liner for \$3.2 million at public auction. He said he will probably embark the Queen for Singapore within 10 weeks.

## Effects Of GM Strike Starting To 'Snowball'

DETROIT (AP) — The effects of a national strike by the United Auto Workers against General Motors Corp. are mounting, like a slowly, but inevitably, growing snowball, as the work stoppage entered its fourth day Friday.

Michigan, where about half of the 344,000 men on strike in the United States and Canada live, was naturally hardest hit. But other places were beginning to feel the pinch as well.

### Layoffs Begin

A General Motors spokesman reported that 3,151 more UAW members at 9 of 27 plants which were exempted from strike action by the union were laid off at the end of the second shift Thursday. This brought to 11,998 the number of workers laid off by GM since the start of the strike, almost 16 per cent of the workforce at the exempted plants.

The 27 plants were exempted from strike action by the UAW because they manufacture parts vital to the operations of other automakers. However, since GM is its own parts plants' best customer, production schedules at those plants have been reduced.

Ford Motor Co. and Chrysler Corp., whose contracts with the

UAW expired along with GM's problems if the strike is prolonged.

### More Layoffs Reported

In addition to the strikers and the workers laid off by GM, there have been many reports of layoffs at companies which do a large part of their business supplying the giant automaker.

Michigan officials expressed fears Thursday about the effects of a prolonged strike. Clarence Lock, director of the State Department of Revenue, said a lengthy strike could force the Legislature to raise the state income tax rate. He said the strike represents a major loss of revenue to the treasury, while the cost of services remains constant or increases.

Detroit Mayor Roman S. Gribbs said the strike could have drastic effects on the city's economy if it lasts more than 10 days. He pointed out that the city was suffering from high unemployment before the strike.

### Talks Scheduled

No new national-level talks in the strike are scheduled until next Tuesday. Meanwhile, top union officials are on a national tour, meeting with representatives of the UAW's 157 GM bargaining units to explain strike strategy and to encourage rank-and-file support.

## WSU President Resigning Post

DETROIT (AP) — Wayne State University President William R. Keast has reported he is suffering from "presidential fatigue" and will quit next June 30.

Dr. Keast, 55, made the surprise announcement at a meeting of the Wayne Board of Governors, followed by a press conference at which he said he did not believe he could "effectively serve for more than another year."

The duties of a university president are becoming quite difficult," he said, "and I do not think I can handle them within tolerable physical limits for more than another year."

He denied student unrest was a major factor in his resignation and said he has no plans to suggest a successor for his post. Asked if he would accept another college presidency, he replied emphatically: "No sir!"

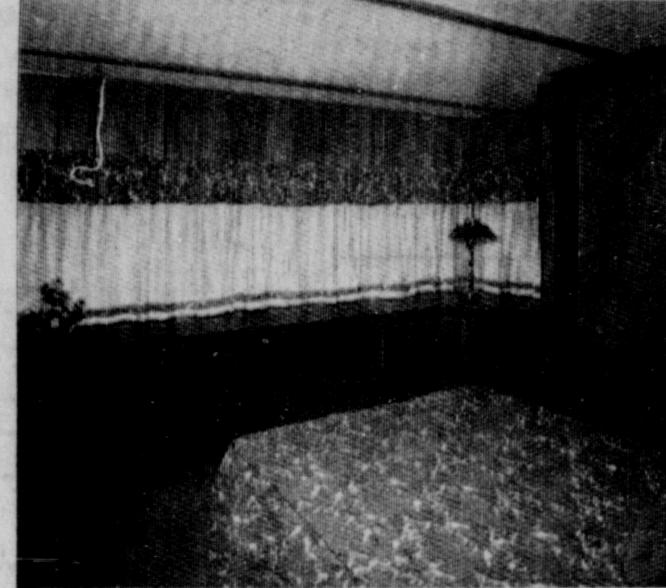

Inadequate educational financing, Keast said, was a leading factor in making a university president's job difficult. However, he would not refer directly to appropriations by the State Legislature for Wayne State which have trailed both the University of Michigan and Michigan State University.

## The Cooler.

Come see the engine that cools 'em off—the '71 Polaris Star.

The Polaris Star is the first engine designed specifically for snowmobiling. Which explains why it cooled off the competition at the major snowmobile races across the continent. Every Polaris Star has bigger fins for better cooling. Iron cylinder liners that won't separate from the aluminum casting, even if you run all day. Chromed piston rings. Specially tempered crankshaft with 30mm diameter—and double bearings—on the output end. (35mm on engines from 648cc and up.) The Polaris Star engine—the Cooler—powers every '71 Polaris snowmobile. From 175cc Playmate right up to our 795cc TX, the one that turns out 80 hp in full racing tune. Stop in and get all the info on the Cooler.
